* This fee is for the lab tests associated with testicular biopsy or aspiration. It does not include any Day Surgery or Doctor fees. These tests are inpatient services that should also attract private health fund rebates.

Description	Unit price	Additional information
Sperm freeze – per collection	\$295	Includes a semen analysis. Sperm freezing includes six (6) months complimentary storage. Once the initial six month period has expired monthly storage will be processed via direct debit details registered.
Sperm freeze in addition to other testing	\$135	Sperm freezing includes six (6) months complimentary storage. Once the initial six month period has expired monthly storage will be processed via direct debit details registered.
Sperm freeze – Medical	Price on appointment	Sperm freezing under certain medical circumstances may be eligible for a discount and Medicare rebate to minimise out of pocket expenses. Up to 2 collections may qualify. Please speak with Andrology staff for more information.
Off site Micro TESE / MESA / PESE	\$1,535	This fee is payable in addition to the above MESA / TESE / PESE fees if the procedure is performed outside of Genea facilities in the presence of a Genea scientist.
Monthly cryo storage	\$45	Per month

The above figures are an indication of the fees and out of pocket expenses you can expect. Costs are a guide only. Fees differ between clinics. Patients will be provided with a personalised quote upon treatment.

Your particular circumstances (Medicare, health fund and cycle of the calendar year) will determine your actual costs and out of pocket.

Fees current as at April 2023.

The above fees are subject to Genea price changes and Medicare rebate adjustments.
