\* This fee is for the lab tests associated with testicular biopsy or aspiration. It does not include any Day Surgery or Doctor fees. These tests are inpatient services that should also attract private health fund rebates.

Description	Unit Price	Additional Information
Off site MESA / TESE / PESE	\$190	This fee is payable in addition to the above MESA / TESE / PESE fees if the procedure is performed outside of Genea facilities in the presence of a Genea scientist.
Sperm banking - per collection / freeze	\$260	Includes a semen analysis. Sperm freezing includes six (6) months complimentary storage. Once the initial six month period has expired monthly storage will be processed via direct debit details registered.
Sperm freeze in addition to other testing	\$113	Sperm freezing includes six (6) months complimentary storage. Once the initial six month period has expired monthly storage will be processed via direct debit details registered.
Monthly cryo storage	\$39	per month

The above figures are an indication of the fees and out of pocket expenses you can expect. Costs are a guide only. Fees differ between clinics. Patients will be provided with a personalised quote upon treatment. Your particular circumstances (Medicare, health fund and cycle of the calendar year) will determine your actual costs and out of pocket.

Fees current as at January 2019

The above fees are subject to Genea price changes and Medicare rebate adjustments.

For the most current version of Genea's fees please visit our website: [www.genea.com.au/fees](http://www.genea.com.au/fees)
