Patients should be made aware that there is a charge for these tests. Some tests are partly medicare rebatable.

Your doctor has recommended that you use Genea. You are free to choose your own pathology provider. **However, if your doctor has specified a particular pathologist on clinical grounds a Medicare rebate will only be payable if that pathologist performs the service.**

You should discuss this with your doctor.

Genea Limited t/a Genea Andrology ABN 82 002 844 448

Accredited for compliance with  
NPAAC Standards and ISO 15189.

To book an appointment please visit [bookings.mygenea.com.au](https://bookings.mygenea.com.au)

---

## Important Instructions for your Sperm Test

- Have exactly **THREE** days abstinence (no more, no less) before the test (unless your doctor has given you other instructions).
- Bring this request form to your appointment. Without it we cannot do the test.
- Preferably collect your sample by masturbation in one of our private collection rooms. If you wish to bring in your sample from home, follow the instructions below.

## Home Collection

- Have exactly **THREE** days abstinence (no more, no less) before the test (unless your doctor has given you other instructions).
- Wash and dry your hands and penis before collecting.
- During collection do not use soap, commercial lubricant or condoms.
- Do not collect by withdrawal from intercourse.
- Collect the whole semen sample into a sterile specimen jar labelled with your name, date of birth, and partner's name. You can get this jar from us or from a chemist. Close the lid tightly.
- Deliver the sample to the laboratory within **ONE** hour of collection (which should coincide with your appointment time). Keep it close to body temperature in transit (e.g. in an inside pocket).
- The sample **MUST** be delivered to Genea by the samples owner
- Bring this request form to your appointment. Without it we are unable to do the test.

If you have any concerns or questions about these instructions, please do not hesitate to call and speak to one of the scientists.
