

December 2018 to January 2019

Genea service details

From 17th December 2018 we will have reduced hours and limited services, before reopening in January 2019. Please see overleaf for individual clinic operating hours.

If you are considering treatment before the end of the year, please contact your Nurses as soon as possible, and prior to Saturday 1 December 2018.

Once you get in touch, your Nurses will discuss with you the treatment your Fertility Specialist has documented on your treatment plan as well as potential dates for you to start treatment.

Genea's Nurses, Embryologists, Pathologists, Andrology Scientists, PGD/PGS Scientists, Geneticists, Counsellors and Admin staff will continue to offer you the highest quality of care during December and January, only minimising service on the Public Holidays. Our flagship clinics will support patients from all other Genea clinics during the closures listed below.

Genea Day Surgeries

(Kent St, Liverpool, Northwest and Canberra) closed from Saturday 22nd December to Wednesday 9th January. Canberra reopens Monday 14th January.

Cycle bloods and general / diagnostic blood testing

Available all days except PH, Sundays and Sat 22 Dec.

Ultrasound

In all locations are available until Wednesday 19th Dec. Recommencing Wednesday 2nd January.

Ovulation Tracking

Available until Monday 17th December. Recommencing service on Monday 7th January.

Andrology

Diagnostics, freeze and SCIT available until 3 PM Wednesday 19th December. Phone calls and results available until Friday 21st December. Recommencing full service Monday 7th January.

Pathology Antenatal Services

NIPS (GeneSyte) and FTS (First Trimester Screening) operate every day except Christmas Day and New Year's Day.
