

WE'RE TAKING A SHORT BREAK

If you're planning to try to fit in one more cycle this year, please have a chat with your Nurses as soon as you can. Make sure you get in touch before Tuesday 1 December 2020 so we can figure out a potential start date. Obviously, whether or not you can have another cycle in 2020 will depend on your individual treatment plan as laid-out by your Fertility Specialist.

Cycle bloods and AMH tests at Sydney CBD clinic

These are available every day except Sundays, Friday 25th December 2020, Saturday 26th December 2020 and Friday 1st January 2021.

For pathology and ultrasound services at all other locations

Check out the individual clinic and monitoring centre list on the PH and EOY dates and opening hours document.

PGD reporting times

- The PGD team is putting in the hard yards and will be reporting results right up until the 24th December. Any embryos not reported before Christmas Eve will be reported as soon as the PGD laboratory re-opens on Monday 4th January 2021.
- If your embryo biopsy is completed in the week before Christmas, it's possible the turnaround time will be affected. Your results will be reported in a 3-4 week turnaround time instead of the standard 2-3 weeks.
- Please give us a call on 8484 7695 if you have any questions or concerns regarding results during this time.

Genea andrology services

- At Kent Street, our Andrology team will be offering full diagnostic testing until Tuesday 22nd December 2020.
- The lab will be staffed (and decorated) on Tuesday 24th December 2020 to complete pending testing and release results.

We're all taking a break from Friday 25th December 2020 until Sunday 3rd January 2021 inclusive. Full Andrology diagnostic services will recommence Monday 4th January 2021.

Regional sites:

- **Canberra:** Last Andrology 16th December, recommence testing 6th January
- **Liverpool:** Last Andrology 17th December, recommence testing 5th January
- **Northwest:** Last Andrology 16th December, recommence testing 4th January
