

Referral form for Ovulation Tracking

Information for General Practitioners

Step 1

The referral form below is to be completed and signed by the GP.

Upon completion, we request that either the GP or the patient email the referral form to: ovulationtracking@genea.com.au or fax (02) 9094 2211.

Step 2

When the patient is ready to start, they should call (1300 117 698) our Ovulation Tracking coordinators on Day 1-3 of their next period starting. Full instructions on the next steps will be provided to the patient at this time.

Step 3

The patient will progress through the Ovulation Tracking process and a summary of results will be provided to the GP at the end of the 3 cycles, or earlier if pregnancy occurs.

Genea offers 3 tracking cycles to ensure the best possible chance of success.

More information can be found about the service at: genea.com.au/ovulationtracking

Referral for Ovulation Tracking

3 cycles at no out-of-pocket* costs

Patient Details

Patient's full name:

Date of birth:
